

HUMAN FACTORS WORKSHOP FOR AVIATION TECHNICIANS Recurrent Phase II

One-day Public Recurrent Workshop for Aircraft Technicians, their Supervisors & Management

Workshop includes a brief review of Phase I and the Dirty Dozen. In this session we focus on:

- Attitude
- Company Culture
- Norms
- Verbal and Written Communication

The goal of Grey Owl Aviation Consultants Inc. is to eliminate or reduce the causes of maintenance related errors, to enhance safety, and advance professionalism of the technician.
